

Based on article 34, of the Statute of the Tempulli College and article 3, paragraph 1.9 of the work regulations of the Academic Council, in the meeting held on 29.01.2025, the Academic Council approves the following:

## **REGULATIONS FOR UNDERGRADUATE STUDIES (BACHELOR) IN THE COLLEGE**

### **I. General provisions**

#### **Article 1**

With the Regulations of basic studies (bachelor) (hereinafter: "Regulations") at the Tempulli College (hereinafter the College) the following issues are defined and regulated:

1. Student admission criteria;
2. Organization of studies;
3. Registration conditions of the academic year;
4. Duration of studies;
5. Completion of studies and thesis;
6. Student status;
7. Rights and obligations of students;
8. Transitional provisions.

### **II. Student admission criteria**

#### **Article 2**

Candidates can enroll in study programs offered by the College.

Registration of students in the study programs is based on the criteria determined by MEST and the Academic Council, as well as the public competition announced by the College's Governing Council.

### **Article 3**

There will be no age restrictions for enrolling or obtaining a higher education qualification.

### **Article 4**

All candidates who pass the matura test have the right to apply for studies at the College.

Candidates who have graduated from secondary school, without matura, certified with a relevant diploma, but who are subject to the entrance exam, can be registered at the College.

Candidates who meet the following conditions can register for basic studies:

- Successful completion of secondary school in Kosovo certified by a diploma;
- Successful completion of primary and secondary school with at least 12 years of schooling certified by a relevant diploma;
- Successful completion of primary and secondary school with at least 12 years of schooling certified by a relevant diploma obtained in the outside world, if the equivalence has been made with the matura certificate;
- The decision on the recognition of the diploma and its equivalent is taken by the relevant Ministry.

### **Article 5**

The selection of candidates submitted to the competition is made according to the criteria established by the Academic Council for each year.

In cases where the College accepts candidates through the entrance exam, the candidate has the right to file a complaint with the Program Coordinator, and this right can be exercised within 48 hours from the day the results are announced. Within this period, the candidate has the right to see his work (in cases where there is an entrance exam).

Against the ranking list, the candidate has the right to submit a complaint to the Program Coordinator and this right can be exercised within 48 hours from the day the results are announced.

### **Article 6**

The necessary documents to compete in bachelor studies are:

- Registration form with two photographs
- Copy of the identity card
- Secondary school diploma (original or notarized).
- Matura exam test certificate
- Secondary school transcripts

- birth certificate
- In case the student has completed secondary education abroad, the documents must be notarized.

The documents submitted by the student at the time of registration remain in the service of the College's administration until the end of the studies or even in case of interruption of the studies.

The administration service makes the registration of new students in the student register and in the electronic system for student management and forms the student file with the corresponding serial number depending on the academic year of registration.

### **Article 7**

The student must have completed the registration procedure, which includes:

- Online application;
- Submission of documents according to the competition;
- Fulfillment of all conditions for registration;
- Realization of tuition payment.

Other conditions and criteria for admission and registration in the relevant year are determined by a separate decision.

The registration of students in the first semester based on the competition was done by the College's administration, the data is managed by the College, respecting the privacy law and giving the students guidelines for the work and operation of this program.

## **III. Organization of studies**

### **Article 8**

Studies at the College are organized in the following forms:

- Full-time studies (regular);
- Part-time studies (without severance from work);
- Online (distance) studies.

### **Article 9**

The College organizes bachelor studies based on AKA accredited scientific/professional study programs.

The qualification level is determined based on the National Qualifications Framework of the Republic of Kosovo.

## **Article 10**

Scientific / professional studies at the bachelor level last three years or six semesters. Upon completion of studies, the student accumulates at least 180 ECTS credits, depending on the study program.

With the successful completion of the bachelor studies, the academic title of scientific/professional bachelor is obtained, depending on the program and the relevant specialization completed.

## **Article 11**

In all programs, learning is carried out in the form of lectures, exercises/laboratory learning, practical work, case studies, seminars, mobilities, discussions, professional consultations and through independent works of students.

In all programs, learning is mainly realized in the form of lectures, exercises/laboratory learning, practical work, case studies, seminars, mobilities, discussions, professional consultations and through independent works of students.

In subjects that require creative, artistic and professional skills, the lessons will be organized in the form of a student-centered learning, such as active participation of the student during the entire learning process, the exploitation of individual creativity in function of his/her output, interactivity, with continuous assessment where the activities during the semester are taken into account, the way of discussions during the learning process, etc.

## **Article 12**

### **Practical work**

The student, during the bachelor studies, is obliged to follow the practical lesson in the semesters provided with the syllabus.

Practical work (Internship) must be done based on the regulation for practical work approved by the Academic Council.

## **Article 13**

### **Deadlines and holding of exams**

Exams for bachelor studies are held during the exam period at the College facility;

Regular exam deadlines for students are: January-February, June and September;

The Academic Council can also decide on the organization of non-regular exam dates.

Exam deadlines for students are announced at the beginning of the academic year.

## **Article 14**

The time for presenting the exams will start no earlier than 4 weeks before the end of the lectures and no later than 8 days before the beginning of the exams.

### **Article 15**

If students cannot enter the exam due to a major reason, it is considered that the exam has been canceled and moved for a certain time.

In all cases when the student is absent or withdraws from the exam, then it is considered that the student has failed.

With the permission of the Program Coordinator, the student may take the exam at another time convenient for the student in order to enable him to participate in an international study exchange program, or to do practical training abroad during the period of set for exam.

### **Article 16**

Exams are held in writing, oral, presentation of seminar papers, but also exercises/practical laboratory lessons, continuous assessment, and other follow-up tools as well as remotely through the platforms determined by the College.

Exams that consist of an oral and a written part, the student can enter the oral exam only when he passes the written exam.

For specific subjects that require creative, artistic, and professional skills, continuous assessment is used.

The student's success in the exam is expressed with grades from 5 (five) to 10 (ten) as follows:

<b>GRADING</b>	<b>ECTS GRADE</b>	<b>MARKS</b>	<b>THE DEFINITION</b>
<b>10</b>	or	90-100	EXCELLENT/EXCELLENT
<b>9</b>	B	80-89	VERY GOOD/VERY GOOD
<b>8</b>	C	70-79	GOOD
<b>7</b>	D	60-69	SATISFACTORY
<b>6</b>	E	50-59	ENOUGH/SUFFICIENT
<b>5</b>	F	0-49	WEAK/ POOR

The grade is marked with a number and text on the report sheet, minutes and SEMS.

The application form together with the minutes of the relevant exam are submitted to the administration to be transferred to the main books.

The teacher is obliged to announce the results (put grades in SEMS) within 10 days from the date of the exam.

#### **Article 17**

The student has the right to submit a written complaint to the program coordinator against the assessment made by the teacher for the relevant exam (for the written exam, the oral exam or the combined exam);

The program coordinator appoints the committee of three members within 48 hours, but without the questioner.

One of the committee members must be closely related to the subject for which the student is evaluated.

The coordinator of the program sets the time of holding the exam within three days from the day of submission of the student-candidate's complaint.

The written exam or the written part of the exam can be repeated before the committee, or re-evaluated by the same test.

The student cannot file an appeal against the committee's assessment.

#### **Article 18**

The student has the right to enter the exam a maximum of three times in the same exam that he has not completed successfully;

The student with a legal justification may be allowed by the Program Coordinator to take the exam a fourth time, by the relevant committee.

In case the student is registered in the same year of studies, the previous number of failed exams of the student is not taken into account.

If he fails the exam 4 times during the repeated year, he loses the status of a regular student for this type of studies.

### **IV. Completion of studies and thesis work**

#### **Article 19**

The status of a regular student is maintained for 2 years after the student has completed all exams for three years of study.

The student who has exceeded the stipulated time to successfully complete the degree, may submit a written request to the Program Coordinator for the possibility of extending this period for another year. If the positive decision is taken, the student must pay the financial obligations in accordance with the decisions of the College.

If the thesis is successfully defended, it can be graded from 6 to 10 and has certain ECTS credits according to the curriculum.

## **Article 20**

The officialization of the thesis is done at the request of the student, signed by the mentor. Officialization (approval) of the thesis can be done only when the student has minus one exam not given and verification by the student service office of the College for the given exams.

After the approval of the topic of the thesis by the Academic Council, the evaluation commission is appointed from the relevant field of three regular members (the mentor and two other members from the academic staff) and one reserve member.

## **Article 20**

The thesis for the bachelor's degree is elaborated individually by the student, proving that the theoretical skills achieved during the study can be successfully used for the selection of practical problems in the field for which the student is determined.

The thesis for the bachelor degree can be elaborated together by two or three students and the contribution of each candidate must be clearly marked there.

The request for the elaboration of the thesis by two or three students is decided by the Academic Council.

## **Article 21**

The procedure for writing and elaborating the diploma topic is regulated in detail in the Manual for the thesis of the diploma topic for the BSc level of studies.

The thesis topic cannot be defended before 30 days have passed from the date of its approval.

The thesis topic must be submitted to the evaluation committee in 5 identical copies, 7 days before its defense. The topic of the diploma thesis must also be submitted in the electronic version together with the presentation.

## **Article 23**

The thesis topic must be defended within 1 year from the day of its approval.

In the event that the thesis is not defended in the previous term, with a justified request of the student, the Academic Council can extend the term for another 1 year. If the candidate does not defend the thesis even in the extended deadline, a new topic of the thesis is assigned.

In case of a negative evaluation of the thesis defense, the defense procedure can be repeated after 30 days from the day of the negative evaluation.

If, even after the second attempt, the candidate does not defend the diploma thesis, he loses the right to defend the given topic and the procedure for receiving the next diploma thesis must be started.

The defense of the diploma thesis is public and its defense takes place in the premises of the College, and depending on the nature of the topic, the defense can also take place outside the premises of the College. In special cases with the consent of the Academic Council, the defense can also be done online through virtual platforms determined by the College.

## **V. Registration of the year in bachelor studies**

### **Article 22**

The passing criteria of students from year to year are determined by the Academic Council for each academic year.

Students who meet the criteria for registration for the Academic year must fulfill all financial obligations to the College at the time of registration.

### **Article 23**

The student who could not successfully complete the year must re-enroll in the same year of studies.

The maximum number of years re-registered is equal to the number of regular years of the respective study.

## **VI. Duration of studies**

### **Article 24**
