

Curriculum Vitae

I. General Information:

1. First Name:	Basri
2. Surname:	Lenjani
3. Nationality:	Kosovar
4. Date of Birth	02.08.1964
5. Birthplace-Municipality	Karaceve,
6. Gender:	Male
7. Contact details:	+37744165770 +381-38-500-600-23-36
Email:	basrilenjani@yahoo.com
Tel:	+38438517841
Mob:	+38344165770

II. Education and training:

Undergraduate Study:

Institution:	Faculty of Medicine Prishtine
Degree Date:	1989
Degree :	1997

Postgraduate Study:

Master Study:

Institution:	Faculty of Medicine Prishtine
Degree Date:	2002
Degree/ Master :	2008
Title of Master Thesis :	Magister of Medical Sciences

PhD Study:

Institution:	University of Medicine Tirane
Degree Date:	2011
Degree / Doctorate :	2013
Title of PhD Thesis :	Doctor of science in subjects clinical

Specialization:

Institution:	Faculty of Medicine Pristine
Degree Date:	2000-2004
Speciality :	Specialist of Emergency Medicine

Subspecialization:

Institution:	/
Degree Date:	/
Subspeciality :	/

Training:

Institution:	University Clinical Center of Kosova
Degree Date:	2000/1/2/3/4/5/6/7/8/10/11/12/13./14/15. 2016. 2017. 2018. 2019,2020, 2021, 2023,
Training Course :	<p>Training in the field of Emergency Medicine for Basic Life Support (BLS).AcLS-public health & Emergency Management Phem-EURO: Training of Trainers (TOT) Israel 19-26 February. 2012; National Course on Management)Albania-Kosovo) Tirana Albania 17-22 December 2012.</p>  <p>Cours = Cardiac arrest - Erly Defibrillation 21 may 2015. 2016. 2017. 2018</p> <p>Congratulations on your successful completion of NAEMT's 9th Edition Instructor Update (non-English Speaking) course in Prehospital Trauma Life Support conducted by NAEMT-ITALIA.</p>  <p>Your participation in this course demonstrates your commitment to improving patient care through high quality, evidence-based education AMLS (Advanced Medical Life Support, 2023)</p>

		
Institution:	Alanian Society for Trauma and emergency surgery	
Degree Date:	10-15 November, 2019, Tirana	
Training Course :	NAEMT National Association of emergency medical technicians prehospital trauma life asri Lenjani Insrtuctor course conducted by Society for Trauma and emergency surgery

V.D. Scientific Interests:

Topic:	Emergency Medicine
Description :	Emergency medicine , also known as accident and emergency medicine , is the medical specialty concerned with the care of illnesses or injuries requiring immediate medical attention. Emergency physicians care for unscheduled and undifferentiated patients of all ages. As first-line providers, their primary responsibility is to initiate resuscitation and stabilization and to start investigations and interventions to diagnose and treat illnesses in the acute phase. Emergency physicians generally practice in hospital emergency departments, pre-hospital settings via emergency medical services, and intensive care units, but may also work in primary care settings such as urgent care clinics.
Topic:	Urgent medicine First Aid
Description :	Urgent care is a category of walk-in clinic focused on the delivery of ambulatory care in a dedicated medical facility outside of a traditional emergency department (emergency room). Urgent care centers primarily treat injuries or illnesses requiring immediate care, but not serious enough to require an emergency department (ED) visit. Urgent care centers are distinguished from similar ambulatory healthcare centers such as emergency departments and convenient care clinics by their scope of conditions treated and available facilities on-site. First aid is the assistance given to any person suffering a serious illness or injury , ^[1] with care provided to preserve life, prevent the condition from worsening, or to promote recovery. It includes initial intervention in a serious condition prior to professional medical help being available, such as performing cardiopulmonary resuscitation (CPR) while awaiting for an ambulance , as well as the complete treatment of minor conditions, such as applying a plaster to a cut . First aid is generally performed by someone with basic medical training. Mental health first aid is an extension of the concept of first aid to cover mental health.

VI. Working Experience:

Institution and location:	Pristina Health House 94 Pristine
Period:	1999 -2004
Position :	Doctor
Description :	Resident Emergency Doctor
Institution and location:	Hospital and University Clinical Service of Kosovo Emergency Clinic
Period:	2004-2005
